EXPERIENCE

Software Developer Intern

Kodeinnovate Solution

05/2024 – present

Remote, India

Delivo App: Grocery Delivery

Flutter, Firebase, Figma

Full-Stack Developer

Implemented OTP-based email authentication and state management using Provider. Utilized MVC architecture and Firebase Cloud Messaging (FCM) for real-time notifications. Collaborated on front-end and back-end, leading to a successful Play Store launch with 1000+ downloads.

S1Media Website

React, Bootstrap, Vercel

Front-End Developer

Developed the website using React, Bootstrap, and React Router for a responsive, engaging platform. Utilized react-awesome-reveal for animations and deployed on Vercel for high performance and reliability.

Delivo Website

React, Ripple-UI, Vercel, React Hot Toast

Front-End Developer

Built and deployed a promotional site for the Delivo app using React, enhancing user interaction with an intuitive, responsive design. Managed the full deployment process on Vercel.

S1Media App

Flutter, Firebase, Figma

Full-Stack Developer

Developed the app using Flutter to showcase company services with a form that redirects users to WhatsApp for inquiries. Implemented a robust admin panel for managing services, adding YouTube links, and user roles. Focused on creating a smooth UI and efficient operations.

PROJECTS

Gym Management App

Flutter, Firebase, Figma

05/2024

Developed a gym management app for tracking members and trainers. Integrated Firebase for trainer assignments, profile picture uploads, and user authentication with role-based access.

Rock Paper Scissor Game

Java, Android, Figma

01/2024

Developed for Android using Java. Designed the UI with Figma, incorporating design references from Behance. Implemented core game mechanics for a smooth, interactive experience with intuitive UI and responsive touch interactions.

Movie Ticket Website

ASP.NET, C#, SQL Server, Bootstrap

03/2024

Led the development of the website using ASP.NET, SQL Server, Bootstrap, and C#. Implemented email notifications with Google SMTP and managed data transfer with query strings and user controls. Designed the UI with Figma and Behance inspirations.

EDUCATION

BACHELOR IN COMPUTER APPLICATION

Sahyog College of I.T & Management

10/2021 – 04/2024

Thane, India
